FAA approval has been obtained for technical data in this publication that affects STC or TSO design compliance.

EFFECTIVITY:

This service letter applies to Air Tractor models AT-802 and AT-802A with Wipline 10000A Fireboss Amphibious Float serial numbers 10203A/10204A and prior installed per STC SA01795CH.

COMPLIANCE:

Optional compliance

BACKGROUND:

The bilge pump that was previously used in Wipline 10000A Fireboss Amphibious Floats is no longer available. A replacement pump is now offered, but this pump uses a different mounting hole pattern. This service letter provides installation instructions to replace the bilge pump.

COMPLIANCE METHOD:

Install provided parts as shown in the Work Instruction section of this service letter.

APPROXIMATE SHOP HOURS:

Installing the bilge pump will take approximately 4 labor hours per float.

WARRANTY INFORMATION:

This service letter does not include warranty for labor and parts.

TECHNICAL DATA:

Copies of this service letter, associated service kit (if applicable), float service manual, and float parts manual are available at www.wipaire.com.
